Draft Science Plan

Appendix A. Science Plan Writing Team

## **Appendix A. Draft Science Plan Writing Team**

The Draft Science Plan writing began immediately following the 15-17 Feb. 2010 MARGINS Successor Planning Workshop (MSPW), with a complete first draft made available for public comment on 28 March 2010. This task would not have been possible without contributions from a large number of individuals, selected to represent most major disciplines represented at the MSPW. A primary writing team wrote the bulk of the text; it was selected by the MARGINS Steering Committee and the MSPW Organizing Committee, and includes many of their members. Many others contributed figures, comments and text sections, too numerous to detail here.
